Consulting Engineers Limited

## **Mechanical & Electrical Consulting Engineers**

We are looking for Mechanical & Electrical engineering staff to expand existing teams of building services engineers in both our St Albans (Herts) & Brighton (East Sussex) offices.

Applicants are expected to have a high level of technical knowledge and a flair for sustainability, be conversant in AutoCAD and Microsoft applications and possess a solid appreciation of a wide range of the generally available engineering calculation and modelling packages.

Candidates will be selected on the basis of their experience in system design, specification, surveying, reporting and running projects, as well as their interpersonal and communications skills.

Please email your CV to **consult@pcel.co.uk** together with a covering letter detailing your experience and current level of knowledge and expertise.

**Status:** Full Time, Permanent

**Salary:** Dependant upon position and experience

**Education Level:** HND (as a minimum)

**Professional Membership:** ACIBSE (as a minimum)
